The Department of Physical Medicine & Rehabilitation

Do you have chronic low back pain?

Are you over the age of 18?

Are you interested in participating in a research study looking at the effects of Metformin on low back pain?

If so, you may be eligible to participate in a clinical trial at The University of Pittsburgh examining the effects of metformin on low back pain.

If interested, please contact the study coordinator at:

(412) 692-2084

Compensation Provided
